Subject: Update on Assembly Bill 159

Attached is a letter from Presiding Judge Richard Fields of Riverside County Superior Court with an update on Assembly Bill 159, legislation that would authorize the creation of 50 new trial court judgeships statewide in Fiscal Year 2007-08. The legislation passed in the Assembly Judiciary Committee on April 10th, and was referred to the Assembly Committee on Appropriations. Also attached is a template for a letter that can be sent to the members of the Appropriations Committee urging their support for this legislation, as well as a list of the Appropriations Committee members.

Thank you.
